Personal Profile

As a designer for the past 20 years (as an artist past 30 years) I've had the opportunity to work for various design and web development companies.

Full cycle of web design and developing strat from wire frame to good ux/ui design mockup to full code of web standard and image optimizing for fast website loading

I have worked for Higher education, Retail, Healthcare, Beauty spa, Small businesses, Religious and Non-profit organisations.

All these experiences combined have made me a designer adn developer with the following qualities:

- **Strategic thinker**
- **Excellent leadership and planning skills**
- **Adaptable and efficient**
- **Exceptional attention to detail**
- **Team player and team builder**
- **Love for growth and learning**
- **Ability to relate to cultures**
- **Thorough and meticulous**
- **Fast and able to work under pressure**
- **Capable of doing a massive range of styles rather than just my own**
- **Excellent knowledge of design, typography and Web standard**
- **Mobile-First, Responsive Design**
- **Cross Browser Testing & Debugging**
